NATIVE DAUGHTERS TO TAKE PART IN PARADE FOR ADMISSION DAY

NILES SCHOOL INCREASES IN TOTAL NUMBER

Twenty-eight additional students are registered at the Niles grammar school this week than were registered at the beginning of last week.

The total is now 308. This is considerably above the figure for the same time last year.

There remain, however, about thirty-five more students who will undoubtedly still register in the near future. They are busy at present in the orchards with the fruit picking.

Teacher Absent From School With Illness

Miss Florence Blair, sixth grade teacher at the Niles grammar school, is confined to her home because of illness.

Miss Isabelle Ferry, of Centerville, is substituting for her.

Float Being Constructed By California Nursery

Laura Loma parlor of Native Daughters, of Niles, will be represented in the parade at the state Admission Day celebration in Oakland and San Francisco tomorrow by an unique float.

The celebration is an annual event, staged in one or another of the many California cities through the joint efforts of the Native Daughters and Native Sons lodges.

The Niles float will represent an outdoor dining room. Four Niles girls, members of the local parlor, will ride on the float. On a settee will be seated Adelaide Martin and Martha Crane in sports attire. On a bench nearby will be Edna Wellington and Peggy Crane in afternoon outfits.

The float is being constructed and decorated by the California Nursery Company with the co-operation of the ladies of the parlor.

The parade will start in Oakland tomorrow morning at 8:30 at Eleventh and Clay streets. It will end at the ferry at the foot of Broadway at nine o'clock and will board the ferry for San Francisco.

The parade will reform in the city at the Ferry building and will proceed up Market street.

Many people from Niles and vicinity are planning to view the celebration tomorrow.

Mr. and Mrs. Frank Fields spent the week-end in Santa Cruz.

EDNA WELLINGTON WILL BE MARRIED IN PLEASANTON

Niles MacMarr Manager To Wed Popular Niles Girl

At a double wedding ceremony in Pleasanton, Sunday, Miss Edna Wellington, well-known Niles girl fill be wed to Gladfred Viery, Niles MacMarr manager.

Father Velldomat will perform the edding ceremony.

Miss Wellington is a graduate of the Niles grammar school and Washington Union high school. At present she is employed in the Niles postoffice.

Viery came to Niles from Oakland, although his original home was Hayward, where he spent the first fourteen years of his life.

Following the ceremonies, a reception will be held in the Oakland home of the Viery family. Relatives and close friends of the couple will be the only ones present at the church ceremony. The reception will be a larger affair, with hosts of friends on hand to wish the couple the happiest of wedded lives.

A honeymoon trip into Oregon has been planned by the Niles couple. They will be gone approximately two weeks, and upon their return, will make their home in Niles.

Church Attendance Is Increasing at Niles

Attendance at the Niles church this fall is increasing in gratifying numbers, according to Rev. E. G. Brinkmeyer.

The attendance for the past few Sundays has increased each week, and the average is considerably higher than at this same time last year. There is undoubtedly a wider spread interest this fall in the church and in the various activities of the church among the residents of Niles and vicinity.

Mr. and Mrs. George Roeding spent the week-end in Sacramento.

VACANT HOUSE CONSUMED BY FIRE IN NILES

Hobos Believed To Have Been Cause of Blaze

Fire sirens blowing at five a. m. last Friday called the Niles Fire Department to the scene of a blaze in an uninhabited residence, belonging to the Niles I. O. O. F. lodge, at the corner of Second and I streets.

The building was completely consumed before the fire could be brought under control. The fire was well under way before the department reached the scene of the blaze.

Hobos, who had spent the night in the building, were believed to have been responsible for the blaze. Refuse on the floor of one of the rooms led to the belief that it had been used by tramps for several days. No stranger was observed in the vicinity by the firemen when they arrived. Two trucks and seven or eight firemen, under the direction of Fire Chief A. M. Alves and Assistant Chief Clarence Crane, answered the alarm.

A slight misunderstanding on the part of the person turning in the alarm resulted in some confusion on the part of the firemen. Chief Alves has requested that in the future, residents take the precaution to read the instructions on the card by the alarm button.

The button is located inside the alarm box, in the upper right hand corner. One blast of the siren means drill; two blasts, Niles; and three, out of town.

One blast only was turned in Friday morning.

TOWNSHIP SCOUTERS ENJOY WEEK-END AT SIERRA CAMP MEET

Three Niles Boys Guests At Oakland Area Scout Moot

The largest group of Oakland Area Scouters ever to be assembled for a similar meeting gathered for three days at the Scouters Moot in Tuolomne county over the past week-end.

The meeting started last Friday and climaxed Monday. The scene of the gathering was the Dimond "O" Camp on the Middle fork of the Tuolumne river, the Sierra Camp of the Oakland Area Council.

Washington Township was represented by its young leaders from Niles, Lawrence Pine, Frank Ferry and Jack Townsend.

Approximately two hundred scoutmasters, assistants, troop committeemen and district commissioners were present. The guest of honor was Oscar A. Kirkham, regional executive, who came from Salt Lake City, Utah, especially for the gathering in order to be the principal speaker. The members of the Oakland Recreational Board were also guests of honor.

While at the Moot, hiking, fishing and swimming were the features of the program under the leadership of the camp staff.

Excursions on the council bus were made to O'Shaughnessy Dam, of the Hetch Hetchy project; to the grand canyon of the Tuolumne, under the leadership of "Bugs" Cain; to Bald Mountain, under the leadership of Jean Bell; to Carl Inn Falls, under Carl Helmick's leadership; to Tuolumne Big Trees; and to Yosemite Valley.

Men from all walks of life attended the gathering. The friendship and the desire to make friends, which were so evident among these scouters, could not be surpassed by any organization. The four days at the Moot will no doubt be remembered by the men for many a day.

The men took to singing songs and giving skits at the campfire programs. Oscar Kirkham was, as the men said, a "man among men." The inspirational speeches made by him caught every man in camp and gave each one something to bring back home to the citizens of their respective cities.

Another inspiration was given by a New England minister at the Sunday service at the "Church in the Wildwood," as the camp chapel is called.

The board of directors of the Oakland Area Council feel that those who attended the Moot will take home a message that will give scouting a new life.

The representatives from Washington Township were invited to the Moot by the Oakland Area Council Board of Directors. They were all given a good time over the week-end and were thoroughly impressed with the great good scouting can do. All three were most grateful to the board for inviting them on the trip.

HOODLUMS ARE STILL AT LARGE

The Niles "hoodlums" are still at large. They have not been apprehended or punished. And nothing in particular is being done about it.

In the early morning hours of Sunday, August 21, the hoodlums broke loose with many despicable acts of vandalism in and about town. The majority of the respectable citizens of Niles expected swift retribution would follow the culprits.

Night Watchman Arthur Roderick has reported that he turned over to Constable O. W. Ebright the names of five youths who were more than suspects. Their guilt is a firmly established fact in the minds of many.

Ebright reports that he has questioned the youths and can unearth no evidence against them. Under this excuse he has lasped into inactivity.

Many Niles citizens feel that, if the present officers are unable to establish the guilt in such a flagrant case, the sheriff's office should see that a man of experience takes over the duties of the Niles constabulary.

ANNUAL COUNTRY CLUB LUNCHEON TO BE TUESDAY

East Bay Artists To Give Interesting Musical Program

Mrs. J. E. Townsend, chairman of the Music committee of the Country Club of Washington township, has secured artists for the annual luncheon to be held at the club house next Tuesday.

Mrs. Grace Adams East, who plays the trumpet, and Mrs. Niles Jacobus, who accompanies her on the piano, will furnish the music for the program. Mrs. East has been enjoyed at many places in the East Bay district and the Country Club will appreciate the opportunity of having her here.

Plans are definitely under way for the luncheon. The luncheon chairman, Mrs. E. A. Ellsworth, has asked that the ladies make their reservations by Saturday, September 10.

In last week's list of officers and committee members, appearing in the Register, the name of Mrs. C. E. Martenstein was inadvertently ommitted from the list of those on the luncheon committee.

Niles People Enjoy Beach Picnic Sunday

A party of approximately fifty people spent Sunday picnicing at Martin's Beach near Half Moon Bay.

Among those who enjoyed the day on the beach were Tom and Jackie Perry, Mr. and Mrs. Nicholas Berchem and family, Mr. and Mrs. Mac McKernon and son, Mr. and Mrs. Henry Hebner, Mr. and Mrs. Roy Farmer, Mr. and Mrs. "Doc" Godman and family, Mr. Godman, of Pleasanton, Mr. and Mrs. Frank Maciel and family, Mr. and Mrs. Circle, of Redwood City, and their daughter and her husband, of Los Angeles, Mr. and Mrs. Carl Clenko and friends from Pleasanton, and Sam Kerns.

DR. BANE TO SPEAK

Dr. A. C. Bane, formerly vice president of the College of the Pacific, at Stockton, will speak before the Ladies' Guild of the Congregational church, Wednesday, September 14, at 2:30 p. m.

Dr. Bane will speak on the question of the Wright Act.

EDITORIAL COMMENT

By NORMAN H. PARKS, Publisher Register

WHOLE HOG OR NONE!

That the best brains of the nation are bent to reliieve the unemployment situation and alleviate the misery attendant upon lack of work, in as great a degree as is humanly possible, means nothing whatever, so far as is discernable, to the trustees of the Washington Union high school and the instructors of that institution.

Listen to this—the truth,—though almost inconceivable: two high school busses running out over Washington Township are driven by high school teachers! Can you imagine such a thing? Well, whether your imagination can travel that far down the path of unmitigated greed, or not, that is the situation.

Each of these two teachers is drawing down from forty to forty-five dollars a month extra, above their regular, inflated, twelve months in the year incomes, for piloting these busses over the district. Not satisfied with handsome salaries that are largely a contributing cause to a tax burden that has reached a point of practical property confiscation, these teachers, aided and abetted by a school board which is either incapable of grappling with the exigensies of the times, or totally hoodwinked and bamboozeled by a designing faculty, becoming thus the willing and subservient instruments of clever and grasping pedagogues, have forgotten the taxpayers or the right of those in need to part of the county's funds.

A closed corporation has apparently been formed to milch the public of every dollar possible, and to keep every penny of that money among the present members of this school machine.

Forty-five dollars a month would go a long way toward supporting two families in Washington Township, who are in urgent need of help. It would mean the turning point in their domestic life. It would make them self-supporting, and remove permanently the spectre of impending disgrace—the humiliation of asking county aid. There are two—yes, twenty and two—competent men in dire want who could drive those school busses just as well as these two high school teachers, who, in taking these jobs, are open to very serious indictments—the indictment of greed, inhumanity and downright bad taste.

Why are they holding these jobs?

Ask members of the school board, and the principal at the high school. Maybe they will tell you that it takes a college degree to drive an automobile. Perhaps they will tell you that two competent and intelligent men outside of the teaching fraternity can not be found in this locality. Perhaps they will tell you that the wartime salary—that has decreased not one penny with the depression—is not enough to keep the teacher and his family in the affuence that his high, untouchable position demands. Perhaps they will tell you all these things, and more. Ah, indeed, they may, in fact, tell you that the principal and his helpers put a fast one over, when they were napping, and got that little sinecure written into their teacher's contracts. The trustees put their John Hancocks on the bottom and apparently never read the instruments.

Well, contract or no contract, this outrage is just a little too much—gone just a little too far—just a little too flagrant. The public is not going to stand for it always.

The Register calls on the teachers involved to bend to the public will and public need. Quit these jobs of bus driving. Give the places to worthy men with families in want. Be just. Be charitable. And don't play whole hog or none!

A CORRECTION

Flash Rose, of Niles, who has been billed all over the township as being one of the fighters at the re-opening of the Irvington Athletic club tomorrow night, will not appear on the card. The billing is a mistake.

Toyon Branch of the Children's Hospital meets next Monday at the Thane residence in Niles. The meeting marks the beginning of the fall work of the organization. Mrs. J. C. Whipple will be hostess at the meeting.

REPORTER AWAY

George Erickson, capable news editor of the Township Register, is taking a ten-day vacation in the state of Oregon. Incidently he is planning on renewing some of his childhood acquaintances, but it is expected that he will return, as he left, a bachelor.

Frances Hebenicht spent the week-end with a party of friends at Santa Cruz.

Mrs. Smith has been spending several days in San Francisco.

NATURALIZATION CLASS IS NIGHT SCHOOL FEATURE

Class Has Proven Exceptionally Popular in Past Years

A naturalization class at the Washington Union high night school will be a feature of the work again this year.

The class, which will begin within the next week or so, will be taught by S. E. Gravestock, who conducted it so ably last year.

The naturalization class is one of the most popular in the whole night school schedule. It is designed solely for the purpose of preparing non-citizens for their naturalization examination.

Those who wish to become naturalized must pass an examination on United States history and geography and answer about the constitution. The tests for this region are given every so often by the federal authorities in Oakland.

Practically the only pre-requisite for entrance into the naturalization class is that the student be able to read and write the English language. The teaching of English to foreign students is accomplished by a special class for that purpose at the night school.

So popular is the naturalization class that the major part of the class is made up of non-citizens who come solely for the knowledge they may gain from the subject. Only a minority of the class each year is composed of those who are working to pass the naturalization tests immediately. The remainder of the class is made up of those, whose limited residence in the United States, renders them ineligible for naturalization at the time they take the class.

Last year twenty-nine were enrolled in the class. Of the twenty-nine, twelve regular students were eligible to pass their naturalization examinations. And during the course of the term, all twelve did pass the examination. Only on student had to try the examination twice before he passed. A thirteenth student tried the examination, but failed because he had not kept up his class attendance regularly. That one student was the only failure in the entire class.

DEFECTIVE FLUE IS CAUSE OF BLAZE

A defective gas heater flue was the cause of approximately $25.00 damage by fire to the home occupied by J. L. McMullen last Saturday morning.

Niles firemen were called to the blaze at 6:45 a. m. It was the work of only a very few minutes until the fire was completely extinguished. The slight damage was confined to the air space between the ceiling of the rooms and the roof of the house.

Two trucks and a dozen men, under the leadership of Fire Chief A. M. Alves and Assistant Chief Clarence Crane, answered the call. The house was owned by Charles Gear.

Former Radio Star At Sunday School

P. M. Pitman, new instructor of English, history and civics at the Washington Union high school this term, was present at the Niles Sunday school last Sunday and spoke to the children present.

His words were listened to with interest as he is known to many as a former conductor of popular children's hour over the radio.

BOY SCOUTS TO HOLD OAKLAND CAMPING CONTEST

Township Troops Are To Be Represented At Camporee

Can openers are not official equipment for Boy Scouts.

And the boys of the Washington township Scout troops are out to prove it September 17-18 at the annual camping competition and demonstration of the Oakland Area Council held on the shores of Lake Merritt in Oakland.

One patrol will represent each of the six Boy Scout troops in the Camporee and participate in the camping, cooking, and craftwork skill developed by Scouting.

Reflector oven cookery, pack frames for backpacking, light weight foods will be features of this year's camporee, according to Irving P. Beesley, scout executive for southern Alameda county.

The Camporee, which will open on Saturday noon and continue unti noon Sunday, is reported to be the largest public camping demonstration staged on the Pacific coast. Executives of all central and northern California Scout councils have been invited to attend the camporee as guests of the local council by C. J. Carlson, regional executive.

Centerville, Irvington, Newark, Decoto and Niles Troops 1 and 2 are expected to enter camping patrols, while the local Sea Scout ship will be eligible to enter the ship demonstration to be staged in connection with this public appearance.

Football Player Returns to Amador Hi This Week

Joe Peters, Jr., returned to school Monday. Peters has been working in Hayward and was not able to attend school for the past two weeks. The football team welcomes him and is glad the school has not lost him.

It was thought that he would transfer to the Hayward high school. He is being drilled as substitute center and will be used on the varsity reserve.

The wire connections at the coil, distributor, and spark plugs should be checked occasionally to see that they are clean and tight. Loose connections may cause misfiring or complete motor failure.

Amador Dons To Play Gonzales Team Tomorrow

Freshmen To Be Used in Home Games Only

The Amador Dons motored to Gonzales high school, a few miles below Salinas Saturday for a practice game.

The team has been drilling intensively polishing up on the fundamental plays. No freshmen will be taken as they have not yet learned their positions. Coach Patterson stated that this policy will prevail all season. He went on to say that he will use the frosh in the games at home in order to give them the necessary experience to carry on next year. This plan will also make it possible for the lower classmen to earn their freshman football numerals.

Those who are now on the freshman football squad and who will be used on the varsity reserve are as follows: Bert Williams, Ernie Bernard, Everett Kamp, Don Graham, Jim Fleming, Andrew Cintrone, Harry Wilson, Rolland deGuilio, Jack Stack.

RECEPTION FOR FRESHMEN WILL BE HELD TODAY

New Students and Teachers to Dress as Children

Freshmen at the Washington Union high school will be honored at a reception especially for them today at the school.

The freshmen and the new members of the faculty will come to school dressed as infants or very small children. Shortly after nine in the morning a parade of thirty minutes duration will make its way through the classrooms and around the school grounds.

Directly after lunch, all students of the high school and faculty members will gather in the gymnasium for a big party—the reception proper.

Individual freshmen will be called on for various stunts of a more or less humilating nature that is humiliating to the performer. Penalties will be imposed on all performers who do not measure up to expectations. New members of the faculty are to be included in this program of stunts, and this feature is expected to be a highlight of the entertainment program.

A dance and refreshments for all present will follow the program stunts.

Jack Stevenson, president of the senior class, is in charge of the arrangements for the affair.

The freshmen reception has become an annual event at Washington high and takes the place of the old and sometimes dangerous practice of hazing in and about the school grounds.

NILES GUILD HAS FIRST FALL MEETING

The Niles Ladies' Guild held its first fall meeting in the guild room at the church last Wednesday afternoon with its president, Mrs. E. G. Brinkmeyer, presiding.

An unusually large attendance of about thirty ladies was entertained for the afternoon by the four officers, Mrs. Brinkmeyer, president; Mrs. E. C. Grau, vice president; Mrs. Barton Webb, secretary; and Mrs. George Bonde, treasurer.

The afternoon was taken up by committee reports, brief plans for the coming season, and introduction of new members.

The next meeting of the Guild will be held on Wednesday, September 14.

Thirty - Seven Added To Pleasanton School

Thirty-seven students were added to the enrollment at the Pleasanton grammar school at the beginning of the third week of school, according to a report released last week by V. Bernard Johnson, principal.

During the first week of school, the total enrollment reached 337, and this week it was up to 374.

It was stated that the enrollment will not increase much more as most of the children who have been working and away on vacations have returned to school.

"BETTER TIMES are here. We want to learn at first hand what we can do to make them stick until we have GOOD TIMES."

This was the statement of A. P. Giannini now on an extensive tour which will carry him into the 243 California communities in which the Bank of America has branch offices. He is accompanied on the tour by Executive Vice President Carl F. Wente.

Starting at Sausalito this morning, Giannini and Wente will swing north as far as Crescent City returning by way of Vallejo and Napa. It is their intention to familiarize themselves on the ground with the loan situation in all of the branches as well as with general conditions in the communities visited.

"It is quite generally recognized now that the country is on the upgrade," said Giannini. "The problems of the reconstruction are just as vital as those of the depression. Here in California, we must realize that agriculture is our greatest industry and will continue as such for at least another generation. The only way in which we of the bank can intelligently aid the farmer is by studying his problems on the ground. In making this inspection, I am merely following a custom which we established when we first founded the Bank of Italy over a quarter of a century ago. I will devote the next ninety days to this work."

FOOTBALL SQUAD SUFFERS CUT IN NUMBER OF MEN

Twenty Drop Out Who Have Too Far To Walk

Of the forty-nine aspirants for positions on the Washington Union High school football squad who turned out for practice at the beginning of last week, only tweny-nine are left in the squad.

And the reason for this great reduction in numbers is certainly beyond the individual students control, and there seems to be no solution for the problem in sight. This unfortunate circumstance will undoubtedly deprive the school of much promising material and might even mean the difference between a champion and an ordinary eleven.

The twenty embryo grid men who have dropped from the eleven have done so because there is no way for them to get home after football practice. The school bus leaves immediately after the last class in the afternoon. This state of affairs leaves the football men to walk home after practice. Some twenty of the original forty-nine who turned out last week live so far from the school that walking is out of the question. So they go home on the bus and the football squad does without them.

Painter-Lecturer to Talk at High School

Haig Arklin, painter and lecturer of note, will be the speaker at an assembly at the Washington Union high school this morning.

Arklin will base his remarks on a score or more large replicas of the most famous paintings of the world. Those who have heard Arklin in the past say that his program is a most interesting one.

STUDENT BODY COMPETING IN MEMBER DRIVE

Losing Side Will Give A Party For The Winners

The freshman and senior classes are in competition with the sophomore and junior classes in a student body card campaign now being carried on at the Washington Union high school.

The contest will last for two weeks more, but it is expected that one side will obtain one hundred per cent of its members signed up in the student body long before the contest ends. The group getting its one hundred per cent first, will be declared the winner and will be guests of he losing side by a party to be given in the future.

Membersship in the student body costs the student or the faculty member $1.50, and its the only financial appeal made upon the student throughout the school year. The student body card entitles holder to many privileges, whose monetary value alone far exceeds the price of the membership.

The privileges are as follows: All home athletic games, two school plays, Thanksgiving ball, two school dances, fifty-cent credit on school annual, and subsciption to Hatchet.

TO VISIT CITY

Many members of the Betsy Ross parlor of Native Daughters and of the Centerville Native Sons are planning to visit the state Admission Day celebration of the two organizations in Oakland and San Francisco tomorrow.

BASKETBALL PRACTICE TO START MONDAY AT WASHINGTON UNION HI

Large "C" Team Turnout Expected By Coach Jess Regli

Class "C" basketball practice starts Monday at the Washington Union high school in Centerville.

Coach Jess Regli is hoping for an extra large turnout this year to keep up the excellent reputation the school earned in this department of athletics last season.

Last year's "C" five tied for first place in their league competition. And then in the playoff with the Livermore five, the Washington boys lost the championship by the narrowest of margins.

Now it is up to the present athletes in the school to carry Washington's good name in this branch of sports on to greater honors this year. This aim can only be realized by the support of the students in the school. And a large turnout Monday will mean that the battle is half won.

So far for this term no pre league games have been schduled for the squad. The first league game will be played Wednesday afternoon, October 12. All games will start at four in the afternoon. The schedule follows:

Wednesday, October 12, California School for the Deaf and Dumb, here; Wednesday, October 19, Pleasanton, here; Wednesday, October 26, Hayward, there; Wednesday, November 2, Livermore, there; Wednesday, November 9, Emeryville, there.

As may be seen, the "C" league schedule occurs, as it does every year, during the fall football season. Because of the bright prospects of the "C" team this year, the football games should not detract from the popularity of the basketball contests.

Washingon will have an exceptionally strong team this year, according to the present outlook, and will be fighting to retain its position at the top of the basketball heap. Both these facts will make the whole series of games unusually thrilling and will attract many spectators from the school and township.

Labor Day Program Put on Last Friday

Last Friday afternoon, a short Labor Day program was put on by the pupils of the Centerville grammar school.

The program centered around the advantage of Labor Day in keeping alive the spirit of the worker. "The Man With the Hoe," the poem by Edwin Markham, written in 1899 when the organized labor movement was in its infancy in San Francisco, was a source of inspiration for the theme of the program.

TO VISIT LOS GATOS

On Wednesday, the fourteenth, the Ladies' Aid and St. James Guild have been invited to attend a luncheon and spend the day at the home of Mrs. S. Jackson, in Los Gatos. Mrs. M. Gregory is to be the hostess. There is no doubt that it will be a red letter day for both organizations.

Pete Freitas, Newark contractor, is building a home on the P. C. Hansen tract in Centerville.

FIRST WASHINGTON HI FOOTBALL GAME ONLY TWO WEEKS DISTANT

Twenty-Nine On Squad Are Pointing For Gilroy

With two more weeks of practice looming ahead of them before their first game, the Washington Union High school grid men are buckling down to practice with the grim determination to put out a winning team this year.

Coach Jess Regli has only one regret, and that is that twenty of his promising squad will be unable to even try out this year because they have no way to go home after football practice.

The remaining twenty-nine, of the forty-nine who originally turned out for practice last week, are measuring up to his best expectations, so far as can be determined this early in the season. Fundamentals of football—blocking, tackling, running, dodging, kicking, passing—are being drilled and drilled into the minds and muscles of the Washington squad. And the boys are taking to the work like ducks to water. Regli has announced that several of the boys have shown outstanding ability already this year.

The first game, a practice tussle, will be with Gilroy High school at Gilroy, on Friday, September 23. And it is for this game that the boys are pointing at present.

Only one other game is scheduled so far, before the league schedule begins. That game is with Manteca High school, at Centerville, on the afternoon of Friday, September 30.

At present, the week-end of October 7 is open, and then the league games begin with the Hayward-Centerville struggle, at Centerville, on Friday, October 14. Then in quick succession follow games with Pleasanton, there Friday, October 21; Livermore there, Friday, October 28; and Emeryville, there, Friday, November 4. The final game of the season has been schduled for Friday, November 11, but will probably be changed to Thursday, November 10. It is with the California Sshool for the Deaf and Dumb, and will be played in Centerville.

CENTERVILLE LIONS HOLD BARBECUE IN NILES

A barbecue at the Niles home of Jack Williamson, Wednesday evening, furnished the incentive for a large rally of the Centerville Lions' club.

Approximately thirty members of the civic organization were present at the affair. F. V. Jones of Niles, and Don Cruzan, state editor of the Oakland Tribune were speakers at the gathering.

Jones brought word from the Niles Chamber of Commerce asking the co-operation of the Centerville organization in all future civic projects for the benefit of the whole township. He pledged the loyal support of the Niles men in anything the Lions may undertake.

Cruzan gave an interesting account of the machinery of the country circulation of a metropolitan newspaper.

School Children Stage Admission Day Program

Admission Day exercises for the pupils of the Centerville Grammar school will be held in the classrooms this afternoon.

Eighth grade pupils will take part in presenting a resume of the history of California's admission into the union before their classmates. Selections by the school orchestra will also have a part on the program.

GEORGE ROBINSON GETS FREAK INJURY

A painful wound of the left forearm was sustained by George Robinson, Jr., of Centerville, in a freak accident last Friday.

Robinson was working with a wheel puller in attempting to remove a wheel from a car he was repairing. A piece of steel the size of a man's thumb unexpectedly broke off of the tool and embedded itself in the flesh between the bones of his left forearm. An artery was severed by the missle in penetrating the flesh.

The wound was dressed by Dr. G. S. Holeman, of Centerville, and Robinson, although his arm is in a sling, is suffering no serious effects from the accident. Had it not been for the fact that Robinson recognized the characteristic arterial spurting of the blood and held the artery pinched together by pressing his thumb into the wound as he went to have it dressed, the youth might now be in a weakened condition from loss of blood. As it was, the loss of blood was so slight as to have no effect.

Robinson is a medical student at Stanford University.

Pleasanton Schools Close Two Days This Week

The Pleasanton grammar and the Amador high schools will both be closed on Monday, September 5 (Labor Day), and on Friday, Sepember 9 (Admission Day).

Admission Day is a holiday observed by every school in the state.

Becuase so many folks will be going away on week-end trips over the Labor Day holiday, the Pleasanton schools have decided to close on that day also. Last year both Pleasanton schools lost a large sum of money on that holiday because there were so many students absent from school.

SKATING RINK IN CENTERVILLE PROVES POPULAR

For the past few weeks a skating rink has been operating in Centerville and has proved popular with Washington township residents.

The rink has an excellent floor and is enclosed in a massive, airy tent. Strict supervision by the management insures all present at the rink enjoying a clean, wholesome evening of exercise and fun.

Special hours are held for the kiddies on Saturday afternoon and the rink is regularly open to everyone both in the afternoons and evenings of every day in the week.

J. E. Thanes Entertain Guests Over Week-End

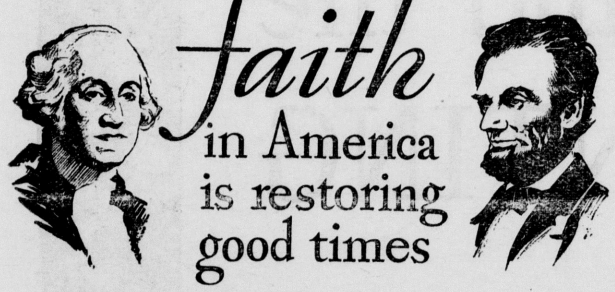
Mr. and Mrs. J. E. Thane entertained over the week-end Mrs. C. M. Hobbs and her companion, Miss Bertha Hansen, both of San Francisco, and Mrs J. B. Carrol, of Detroit, Michigan. Mrs. Hobbs entertained the whole pary at dinner Sunday at the Castlewood Country club.

Mrs. Hobbs is a patroness of the children's hospital and has taken an active part in this work in southern Alameda county. She and her campanion are planning to leave shortly for an extended tour of Europe.

Grammar School To Hold Short Program

Students of the Niles grammar school will hold short Admission Day programs in conjunction with their history and geography lessons.

Songs and recitations by the students will make up the exercises in commemoration of California's addmittance to the union.



faith in America is restoring good times

The same kind of faith, courage and confidence that guided and sustained Washington, Lincoln and other outstanding Americans through periods of stress and storm is surely, if not rapidly leading this nation back to rational thinking and acting.

Through the newspapers, and other effective media, Bank of America continues to send out constructive messages of encouragement and confidence to the people of California — messages based not on theories, but on fundamental facts.

The news columns of this newspaper bear many evidences to show that the banishment of fear, and the restoration of confidence in our Nation, are bringing back good times. We — all of us — must labor unceasingly until every unemployed man is back at work.

Grammar School in Pleasanton Gets Improvements

Two new screen doors were added to the Pleasanton grammar school cafeteria this week.

Miss Lillie Kiefer, manager, in the past has had to face the problem of combating the flies, but in the future will not be troubled with so many of the pests.

New curtains, which harmonize with the color of the kitchen have been put up this week.

Starting last week, the children commenced getting certified milk at three cents per pint. This milk is served to the youngsters at eleven o'clock in the morning and is taken by a large number.

Teachers Given Picnic Party at Pleasanton

Teachers of the Amador Valley Joint Union High School and of the Pleasanton grammar school were guests of honor at a picnic dinner at McKinley Park last week. Sponsors of the gathering included heads of all of Pleasanton's fraternal, civic and other organizations. More than one hundred and fifty persons were present.

The object of the gathering was to greet the teachers and to become better acquainted with the faculties of the schools.

Short talks were given by Mayor A. B. Pickard, V. Bernard Johnson, principal of the grammar school, and by E. O. McCormick, principal of the high school.

Pleasanton Nine Beats Hayward in Game Sunday

Team Changes Name to Independent Ball Club

The Pleasanton Merchants defeated the Hayward Athletic Club in a game played Sunday afternoon by a score of seven to four.

The game was a four to four tie until the last half of the ninth inning, when Alton, Foster and Govenor each scored a run.

Jimmie Trimingham pitched the entire nine innings. Frank Peters caught the whole game.

Manager Jack Marsh stated that starting Sunday, September 11, the team will enter the Southern Alameda County Winter League. And from now on the team will be known as the Pleasanton Independent Ball Club, sponsored by Jack Marsh and Jimmie Foster. They will play nine games at home and four away.

Others clubs competing in the league are the Hayward Athletic Club, Hayward Lumber Mills, Ashland Ball Club, Oakland Peerless Stores, and East Oakland Ball Club.

The first league game will be with East Oakland at the Pleasanton diamond.

Sewing and Art Night Classes Start at Amador

Art and Sewing classes at the Amador Valley Joint Union High School for the women of Pleasanton were organized at a meeting held at the high school Wednesday evening under the direction of Mrs. Anita Smith, instructor of home economics.

At the meeting, a night, which will be most suitable for the members of the class, was selected as the time for regular class meetings. Everyone interested in this course, regardless of whether or not they have attended it in past years, was asked to attend the meeting.

Dress making, fancy work, drawing, basketry, batik, leather work and other interesting lines of study will be taken up in this class.

THE woman who gives her organs the right stimulant need not worry about growing old.

Her system doesn't stagnate; her face doesn't age. She has the health and "pep" that come from a lively liver and strong, active bowels.

When you're sluggish and the system needs help, don't take a lot of "patent medicines." There's a famous doctor's prescription for just such cases, and every druggist keeps this standard preparation. It is made from fresh laxative herbs, active senna, and pure pepsin. Just ask for Dr. Caldwell's syrup pepsin. Take a little every day or so, until every organ in your body feels the big improvement.

The next time you have a bilious headache, or feel all bound-up, take this delicious syrup instead of usual cathartic. You'll be rid of all that poisonous waste, and you haven't weakened the bowels. You'll have a better appetite, and feel better in every way. The constant use of cathartics is often the cause of a sallow complexion and lines in the face. And so unnecessary!

Would you like to break yourself of the cathartic habit? At the same time building health and vigor that protects you from frequent sick spells, headaches, and colds? Get a big bottle of Dr. Caldwell's syrup pepsin today. Use often enough to *avoid* those attacks of constipation. When you feel weak and run-down or a coated tongue or bad breath warns you the bowels need to be stimulated. Give it to children instead of strong laxatives that sap their strength. It isn't expensive.

Class Officers Elected Monday at Amador High

All Four Classes Choose Leaders for New Term

Students who are to lead their classes for the ensuing school term were elected at meetings of the freshman, sophomore, junior, and senior classes at the Amador Valley Joint Union High School Monday morning.

Kenneth Hardy was elected president of the senior class by a large majority. The remainder of his staff follow: Henrietta Woods, vice president; Mae Egan, treasurer; Pauline Enos, secretary; James Hughes, representative for the executive committee.

Anna Hanffen was selected to preside over the junior class. Linda Linsler was elected vice president; Melva Madsen, secretary; Welma Rodrigues, treasurer; Ed Dolstra, representative for the executive committee.

The spohomore class selected Eldora Perry for president; Hel-Rivolta, vice president; Eleanor Boothe, treasurer; Marjorie Perry, secretary; and Joseph Peters, representative for the executive committee.

At the freshman meeting, Joe Gibson was chosen president; Jewel Spoonemore, vice president; Eva Quaglia, secretary; James Andrade, treasurer; and Edwin Freitas, representative for the executive committee.

Amador Freshman Reception To Be Held Tonight

People of Pleasanton Are Looking Forward to the Event

Freshmen of the Amador Valley Joint Union High School will be entertained by members of the sophomore class at the annual Freshman Reception to be held in the Amador gymnasium this evening.

This event is always looked forward to by the people of the community at the beginning of the school term, as it is one of the year's most entertaining socials at the school.

In past years the sophomores have compelled the freshmen to perform a number of humiliating stunts.

Following the reception, dancing will be enjoyed.

OVERHEATED MOTOR

A defective radiator hose may cause the motor to overheat. After a hose has been in use for some time the interior walls may decompose and particles of rubber hang down, partially closing the water passage. Smaller particles of rubber will also clog the radiator, thereby reducing its cooling area.

SUNOL -DEPARTMENT-

SUNOL MAN KICKED IN FACE BY HORSE

Severe lacerations of the face were sustained by Celestino Gonzales, of Sunol, when a horse kicked him in the face last Friday.

Gonzales was out riding when some dove hunters nearby shot off their guns. The reports scared the horse and he balked. Gonzales fell off and was kicked in the face by the frightened animal.

His wounds were dressed by Dr. E. C. Grau, of Niles.

Alumni-Varsity Tied in Game at Amador

Evenly Matched Teams Put on Interesting Fight for Victory h

A scoreless tie was the result of a hard football struggle between the alumni and the varsity squads of the Amador Valley high school in a game played at the Amador field recently.

This struggle was as much of a football game as the Don varsity will face till their league games begin. Both teams were matched so evenly that sending in an inexperienced sub for the varsity gave the alumni an advantage. This situation required the use of the regular starting lineup for practically the full time of the game.

The weakness of the Don squad this year is in the fact that there are but eighteen players who are well enough versed in football for team play at present, although four more will be graduated from the freshman lineup later on to make a twenty-two man squad.

The alumni, in the varsity game, lacked team work on the offensive, though they succeeded in getting within the ten yard line on several occasions. The varsity offensive was ragged and ineffective against the superior and more experienced alumni. When the game ended both teams knew they had been in a real struggle, although the varsity was in better condition in the last of the fourth quarter.

The lineup for last Friday's game was as follows:

Bob Howell and Lincoln Madsen, left ends; James Hughes, left tackle; Davis, left guard; Hardy, center; Ed Dolstra, right guard; Harold Kamp, right tackle; Frank Peters and Bob Gibson, right ends; Bud Perry, quarter back; Safreno, left half; Bob Silva, right half; Dutra, full.

Ed Nott ,who will play quarter for the Dons this year, was used as head linesman in the game. Coach Patterson didn't use Nott, because he had a bruised thigh and wanted to give it a chance to get rid of its soreness. Perry handled the assignment of directing the eleven quite satisfactorily. Bob Howell, a new student coming from a Berkeley school, gives promise of making good at the end position left by Tom Nerton.

Public Speaking Is Pleasanton's Evening Class

Subject To Be Taught by New Principal, E. O. McCormick

A class in public speaking was organized at the Amador Valley high school night school under the direction of E. O. McCormick, principal, at a meeting at the high school Tuesday evening at seven-thirty.

All those interested in such a class have been asked to attend the meeting. It will be held in room nine, next to the principal's office, in the main school building.

Public speaking for fraternal and social organizations, as well as business gatherings, will be touched upon. It is thought that the class will be divided into two sections. This depends upon the demand of the public for the class.

Cash Miller on Happiness

Most people chase happiness like it was somebody that tried to lift your watch, observed Cash Miller, cigar store philosopher. My dope is it always comes to you unexpected like jury duty or a fall on the ice. A lotta times it comes with false whiskers and a disguise which you don't recognize till it's too late.--Thrift Magazine.

It May Be Needed

Some of us would like just to hang on another 50 years, or thereabouts, to see whether the learned authorities who name the vitamines will need a second alphabet.—Detroit News.

Plan Band and Harmony Night Work at Amador

At a special meeting held at the Amador Valley Joint Union High School Thursday, a class in harmony and instrumentation was organized by Harry Tripp, instructor.

The meeting commenced at seven-thirty. All those who are interested in advanced music were urged to attend. It is essential that all those entering this class have a knowledge of musical notation. The subject may be taken by those who do not play any instrument.

At eight-fifteen the same evening a band class was organized. Anyone in the community who wishes to enter this class was requested to get in touch with the class by attending this meeting. The session will be over at nine.

Pelicans
Forget How
to Fish
A
Lesson for
Humans

This is a story of California. It is about the pelicans of Santa Monica Bay and these pelicans remind us of a lot of us human beings. The experience teaches us that more and better sales effort is required by every last one of us.

For years these pelicans had been fed by fishermen from their surplus catch, until they got the habit of eating without work.

This year high seas and changing currents off Santa Monica cut down the catch, and fishermen no longer had any fish to spare. They noticed that the pelicans languished and grew thin and it dawned on them that they had forgotten how to fish for themselves. So they went down the coast and found some unpampered pelicans who had never been ruined by easy living and free fish. They turned them loose among the starving birds, who sat about on the beach and complained of hard times.

The way those imported pelicans went out after their own fish was an eye-opener. Pretty soon the hungry natives quit watching and tried it themselves. They discovered there are plenty of fish in the sea for the bird with energy and enterprise. And they've quit talking about the hard times.

Church Made Famous by Dickens Crumbles

London.—The church of St. George the Martyr, immortalized in "Little Nell" by Dickens as "Little Dorrit's Church," is in danger of crumbling. All London knows St. George as "Little Dorrit."

Ominous cracks many feet long have appeared in the walls and crypt. They are gradually widening until now the whole structure has been placed in danger.

The authorities have threatened to condemn the building unless prompt action is taken to make it safe. The rector of the church has started a drive for $25,000 for repair to save it.

By JACK TOWNSEND

The Decoto scouts went on a swimming trip last Saturday.

Scout Leaders Jack Townsend, Frank Ferry and Lawrence Pine attended the Scouters' Moot at Dimond O Camp in the high Sierras over the week-end. The three Niles boys figured prominently in several events at the Moot. In the Treasure hunt the Niles boys were the first to find the original claim—claimed land that wasn't valuable.

Don't forget that the next Court of Honor will be held September 20. Let's make it big.

Troop No. 1, of Niles, is going on an overnight hike to Mission Peak in the near future.

All boys of scout age who would like to join a troop should do so at once.

Tickets for the Camporee, to be held in Oakland September 17-18, have been distributed during the past week.

A joint meeting of both Niles troop committees is called for tonight, Thursday, at the home of J. E. Townsend.

Evening Choral Class To Start in Pleasanton

A business gathering for the purpose of organizing an evening choral class at the Amador Valley Joint Union High School under the direction of Harry Tripp, was called Tuesday evening at seven thirty.

Last year a similar class was organized and proved very successful and it is expected that a larger number will turn out this year.

This class consists of vocal work as a group. Those who wish to enter it do not have to be able to read music. All they need is the ability to carry a melody.

The regular meeting nights for the class will be on Monday evenings, but because of the legal holiday that fell on Monday evening, the meeting was scheduled for Tuesday instead. At the Tuesday evening session, the program for the year was discussed and decided upon.

Everyone in the community was invited to attend this meeting.

Bob Silva Is Made Captain of Don Eleven

Arnold Abrott Chosen as Business Manager for Team

Bob Silva, a member of the senior class at the Amador Valley high school, was elected captain of the Amador football squad by a unanimous vote at a meeting of the Amador athletes recently.

Ken Hardy, also a senior, was the second choice for captain. Arnold Abrott, a junior, was elected manager. Ed Dolstra was in second place in the run for manager.

Bob Silva is undoubtedly the most popular athlete in all sports at the Amador school, and this fact was proved by the boys when it came to the election of a football leader last Friday. Silva has played in the varsity for three years and is now starting his fourth year of sports at the high school.

The sports Silva has become proficient in include football, basketball and baseball. When a freshman he made one of the best records of any boy in the school. In that year he made the varsity in all the sports. Last year he served as manager of the football team and has acted captain and manager for the basketball and baseball teams.

When young Silva graduates from high school next June, he will have received more letters and stars than anyone who has graduated from the school in a number of years.

Freddie Dutra, a sophomore, will have a record almost as good as Silva's when he graduates if he continues with the same ability he has shown in all three sports in the past. Dutra made the varsity football and baseball teams last year and the B team in basketball.

LEGION RIFLE RANGE TO BE OPEN IN PLEASANTON

In about two weeks, firing at the American Legion Rifle Range, at Pleasanton, will be open to sportsmen of that community who are willing to enter the club, according to reports received from Commander Charles Fiorio, of Pleasanton, last week.

The trenches are all completed and the committee is working on the targets, which will be erected within the next two weeks. The targets are being looked after by George Patterson and Morris Elsnab, both of Pleasanton.

Right Studies Are Necessary for College

Responsibility Placed Upon Pupils as Well as Instructor

In a report from the California State Department of Education this week, it was revealed that requirements for high school graduates who wish to enter college place enormous responsibility on the student as well as on the instructor in selecting the proper prgram of studies to be carried through the high school career.

Past records show that the student has the tendency to pick out subjects which are easy to pass, regardless of whether or not they will be the best suited for his future studies in college.

Passing grades in the subjects mentioned below are essential to university entrance. A student should have three years English, two years mathematics, two years foreign language, one year of laboratory science (either chemistry or physics), one year of history, and one credit chosen from any of the subjects mentioned above additional to the years already mentioned.

Dirty or loose battery terminals often cause ignition trouble and are frequently overlooked.
